

Family Money Activity Sheet

A printable kids-and-parents activity sheet: save-spend-share jar plan, a weekly allowance split, a money mission checklist and quiz answers to review together.

Print one sheet per kid. Fill it in together after the family quiz, stick it on the fridge, and review it every Sunday for five minutes.

Step 1 — My three jars

Step 2 — Weekly money log

Step 3 — Money missions

- ☐ I named the difference between a need and a want out loud.
- ☐ I compared the price of two things before choosing one.
- ☐ I waited one full day before buying something I wanted.
- ☐ I put money in the save jar without being asked.
- ☐ I earned money by finishing an extra job at home.
- ☐ I gave or donated something from my share jar.

Step 4 — My savings goal

Step 5 — Quiz review

QUESTION	MY ANSWER	WHAT I LEARNED
1.		
2.		
3.		
4.		
5.		

Parent note — Keep the amounts small and the review short. Consistency teaches more than the size of the allowance — a kid who splits \$5 every week learns the same habit as one who splits \$50.
